Dear Friends:

On behalf of the City of Los Angeles, I am pleased to salute the work of Pastor Norwood and the Guyana Tribute Foundation in your ongoing efforts to create a memorial for the victims and survivors of Jonestown.

As you hold your twenty-fourth annual memorial services for the victims of Jim Jones, our thoughts and our prayers are with you.

We will never forget this horrible tragedy, but out of such tragedy comes hope and opportunity. Through efforts such as the Cherish the Children 2002 Walk-A-Thon, we will ensure that we will continue to raise public awareness so that such events never take place again.

May you continue to work on behalf of the families and loved ones of each and every victim of Jonestown.

Sincerely,

ALEX PADILLA
