Dear Dr. Norwood,

On behalf of your friends at the Los Angeles Council of Churches, we salute your dedication in honoring the victims and survivors of Jonestown during this 25th anniversary. We pray your achievements and contribution will not only lend to serve as a positive influence but reinforce true sister and brotherhood that has been woven into the fabric of our great nation.

As we share in this 25th anniversary, may we be reminded of not only the lessons of our past, but be assured "We may not know what tomorrow holds, but we know the hand that holds ALL tomorrows!" Our future is built on the promise of God's grace and Mercy.

May that Grace and Mercy continue to abide with you and grant you and your family the Peace the passes All understanding.

In His Service,

Rev. Leonard B. Jackson
President
Los Angeles Council of Churches
