Dear Dr. Norwood:

Thank you for your recent letter regarding the anniversary of the tragic events which took place in Guyana nearly 35 years ago.

It is very important that we never forget what happened. I know that the family-members and loved ones of those who were taken from us still need our support. Your leadership in this effort is appreciated and has made an important difference.

Please accept my best wishes for success in all of your endeavors.

Sincerely,
